GIT HUB

THE HISTORY OF GIT HUB

The development of the GitHub platform began on October 19, 2007. The site was launched in April 2008 by Tom Preston-Werner, Chris Wanstrath, P. J. Hyett and Scott Chacon after it had been available for a few months as a beta release. GitHub has an annual keynote called GitHub Universe.

WHAT IS GIT HUB

GitHub Desktop is a free, open source application that helps you work with code hosted on GitHub or other Git hosting services.
